

# Workforce Development Fund 2024-25

## Funded qualifications and learning

**Last updated April 2024**

All learning is claimed on completion of a qualification or apprenticeship and is evidenced by a copy of the learner's certificate.

**Important to note:** Funding is available for the qualifications and apprenticeships specified below **where learning started on or before 31 March 2024 and which will complete and be certificated by 31 March 2025**. Courses which start on or after 1 April 2024 are not eligible for the WDF.

If you have learners who have completed a previously funded Positive Behavioural Support or licenced leadership programme, which started on or before 31 March 2024, please contact us for advice about how to claim.

A maximum of £2,035 can be claimed per learner per funding year. You can claim funding for the same learner in multiple funding years, to support their personal development and career progression.

**Important to note:** The Department of Health and Social Care is planning a new learning and development fund for adult social care. Further details about the new scheme are available [here](#).
