

Experts by experience

Directory for Transforming Care Partnerships

Health Education England, Skills for Care and Skills for Health are working with Transforming Care partners and other key stakeholders to support the ambitions of the Transforming Care programme. We're doing this by ensuring that we have a workforce which is able to effectively support people with a learning disability and/ or autism and behaviours of concern in the community.

We've produced a list of organisations which are led by or help people who are 'experts by experience' – people who have a learning disability or autism or family and friends. You can contact these organisations to help with the Transforming Care programme, particularly with the parts of it that are about workforce development.

Organisation's name	Geographical area covered	Membership group	Contact details	Special skills / knowledge	Other comments
National Forum of Families	England	Family and carers of people with learning disabilities, carers with a learning disability, organisations working with families and other allies who work to support families of people with learning disabilities.	lucyvirgo@inclusionnorth.org	<p>They talk to the Government about the big issues and influences the work the Government does with family carers of people with a learning disability. They're interested in the impact of Transforming Care in the region and encourage the engagement of people with learning disabilities and their families in transforming care plans.</p> <p>Acknowledgement: The funding for both the National Forum of People with Learning Disabilities and the National Valuing Families Forum ended at the end of March 2017. There are still organisations who were connected with the forums in the 9 regions in England who would be willing to get involved in the workforce work to support the transforming care programme.</p>	National forum

National Forum of People with Learning Disabilities	England	Self-advocates including those with complex needs, their supporters and self-advocacy organisations.	lucyvirgo@inclusionnorth.org	<p>They listen to the voices of people with complex care needs and report back to local and national bodies. They're interested in the impact of Transforming Care in the region and encourage the engagement of people with learning disabilities and their families in transforming care plans.</p> <p>Acknowledgement: The funding for both the National Forum of People with Learning Disabilities and the National Valuing Families Forum ended at the end of March 2017. There are still organisations who were connected with the forums in the 9 regions in England who would be willing to get involved in the workforce work to support the transforming care programme.</p>	National forum
